Re.: A Letter of Confirmation

Dear Prof. Šagát,

I have been asked as a national coordinator for recognition of professional qualifications according to the guideline 2005/36/EG on recognition of professional qualifications as amended, to confirm the ongoing educational programme for general medicine at Faculty of Medicine of Slovak Medical University (SMU).

Higher educational institution "Faculty of Medicine of SMU," is a state-owned medical university conducting education in the study programme of general medicine. SMU obtained the right to provide education in the study field according to § 45 of the Law No. 131/2002 Coll. LL. on higher educational institutions and on changes of some laws, as amended (hereinafter referred to as "Law on higher educational institutions") and upon the recommendation of the Accreditation Committee, advisory body of the Government of the Slovak Republic.

On 9 June 2006, based on the submitted facts, Faculty of Medicine of SMU obtained the right to conduct education in the study field of "general medicine" as well as the right to grant the academic title "doctor of general medicine", abbr. ("MUDr") to successful graduates of full time 6 year doctoral study, who have fulfilled the criteria as stated in § 83, section 7 of the Law on higher educational institutions without time limit.

In conformity with the above facts I hereby.

confirm

that Faculty of Medicine of Slovak Medical University provides education in the study field of "general medicine" pursuant to Article 24 guideline 2005/36 EG on recognition of professional qualifications and that this institution corresponds to the minimal requirements on the educational contents as specified in the Government Ordinance No. 296/2010 Coll. LL. on professional competence to perform health care occupation, on the mode of further education and training of health care professionals, on the system of specialization fields along with the system of certified professional activities.

The document on education, obtained by successful completion of the study field of "general medicine" at Faculty of Medicine of SMU is stated in the annex No.V.1.1. as a supporting document in compliance with the coordination of minimum requirements for medical training and shall be recognized automatically in the territory of other EU member state.

Yours truly,

Eva Kaczová
Director of Centre for Recognition of Documents of Education and
National Coordinator for Recognition of Professional Qualifications of the SR
