

**Binding guideline of the Faculty of Medicine of the Slovak Medical University in Bratislava for the 6<sup>th</sup> year students and the Final State Examinations in the academic year 2020/2021 for the Study programme: General Medicine**

**Valid from 4<sup>th</sup> of January 2021**

**STATE YEAR (6<sup>th</sup> year): General Medicine**

Block internships (seminars and practical training) of the Final state subjects will continue in person (full-time form) according to the schedule valid for the academic year 2020/2021 in compliance with all anti-epidemic measures according to the instructions to ensure during the academic year 2020/2021 on the SMU website (the participant must not have symptoms of infectious and respiratory disease, must not be in quarantine, must have a facial mask, disinfect hands before entering the room, the room must be ventilated, the number of people in the room will be limited). The Head of Pedagogical Departments will modify block internships so they will reduce it to the necessary minimum level, especially during contact teaching at the patient's bedside. If it is possible (technically, organizationally and in terms of content) the Head of Pedagogical Departments may decide to perform some parts of block internships in a distance form.

**FINAL STATE EXAMINATIONS**

The Final State exams will be running in person, in compliance of all anti-epidemic measurements to ensure the smooth running of the academic year 2020/2021 listed on the SMU website. The distance form of the oral examination can be approached strictly individually after the decision of the responsible Head of the Pedagogical Department only for students who are in compulsory quarantine at the time of the examination.

**Participants can attend block internships and final state examination in person under the condition of a proof of the negative result of the RT-PCR test or the relevant antigen test not older than 7 days (negative test is valid for 7 days from its performance).**

**The instructions will be continuously updated according to the current situation.**
