

**Binding guideline of the Faculty of Medicine SMU for teaching in the  
Summer Semester 2020/2021  
for the study program General Medicine  
valid from the 8<sup>th</sup> of February 2021**

Regarding to the current development of the epidemiological situation, the Management of the Faculty of Medicine of the SMU regulates the teaching as follows:

**I. NON FINAL YEAR STUDENTS (1<sup>st</sup>- 5<sup>th</sup> year)**

All lectures and theoretical seminars and practical exercises will be conducted in a distance form in the time schedule of the valid schedule for the summer semester 2020/2021. The distance form of education will be performed online via the TEAMS application (directly or recorded with voice commentary; instructions published on the website of the Faculty of Medicine, SMU), or another suitable and available application.

**Clinical internships will take place from the 8<sup>th</sup> of February 2021 until further notice in the form of clinical seminars** according to the schedule valid for the summer semester 2020/2021 in a modified form (focus on case reports, or virtual patient). These seminars will take place either in full-time in compliance with all anti-epidemic measures listed in the guidelines for securing the academic year 2020/2021 published on the website of the Faculty of Medicine, SMU (the participant must not have symptoms of infectious and respiratory disease, must not be in quarantine, must have a facial mask, disinfect hands before entering the room, the room must be ventilated, the number of people in the room will be limited) or in a distance form via the TEAMS application (instructions published on the website of the Faculty of Medicine, SMU). Teaching in the full-time form will take place especially where the Head of the Pedagogical Department is able to ensure at least minimal access to patients in accordance with the established conditions of the given teaching facility (hospital, clinics, department, outpatient clinic). The content and form of these seminars will be decided by the Heads of Pedagogical Departments, who are also responsible for the organization and logistics of these seminars.

**II. FINAL YEAR STUDENTS (6<sup>th</sup> year)**

Block internships (seminars and practical training) of the Final state subjects will continue in person (full-time form) according to the schedule valid for the academic year 2020/2021 in compliance with all anti-epidemic measures according to the instructions to ensure during the academic year 2020/2021 on the Faculty of Medicine, SMU website (the participant must not have symptoms of infectious and respiratory disease, must not be in quarantine, must have a facial mask, disinfect hands before entering the room, the room must be ventilated, the number of people in the room will be limited). The Head of Pedagogical Departments will modify block internships so they will reduce it to the necessary minimum level, especially during contact teaching at the patient's bedside. If its possible (technically, organizationally and in terms of content) the Head of Pedagogical Departments may decide to perform some parts of block internships in a distance form.

**Examinations and Final State Examinations** will take place in person, in compliance with all anti-epidemic instructions to ensure the course of the academic year 2020/2021 listed on the website of the Faculty of Medicine, SMU. If the examination is performed by a test, or for other relevant reasons, the head of the pedagogical department may decide on a distance examination

## **FOR ALL STUDENTS**

**All participants must have demonstrated a confirmation of a negative result of the RT-PCR test or relevant antigen test for COVID-19 not older than 7 days, or relevant evidence of overcoming COVID-19 infection (valid for 3 months), or confirmation that they are at least 2 weeks after revaccination with the second dose of vaccine!**
