

Binding guideline of the Faculty of Medicine SMU for teaching in the winter semester 2020/2021 for the study program General Medicine

valid from 2nd to 8th November 2020

With regard to the current development of the epidemiological situation and "Resolution of the Government of the Slovak Republic no. 693 to the proposal for further extension of measures within the declared state of emergency ... "effective from 29th October 2020 the Management of the Faculty of Medicine of the SMU regulates the teaching as follows:

I. NON FINAL YEAR STUDENTS: Study program General Medicine

All lectures and theoretical seminars and practical exercises will be conducted in a distance form in the time schedule of the valid schedule for the winter semester 2020/2021. The distance form of education will be performed online via the TEAMS application (directly or recorded with voice commentary; instructions published on the SMU Website), or another suitable and available application.

Stopping of clinical internships (not lectures) is extended until 8th November 2020!

Students will use this time for intensive self-study so that they are as well prepared as possible for the continuation of teaching in a modified form from 9th November 2020.

Exceptions:

4th year:

Laboratory medicine: practical exercises will be performed in a distance form;

Nuclear medicine: clinical internships planned at OÚSA and at Sv. Michal a.s., will be performed in a distance form;

5th year:

Dermatovenerology 1 : Clinical internships will be performed in a distance form;

The management of the Faculty of Medicine, in cooperation with the heads of pedagogical departments, will prepare and publish the plan and form of modified teaching of clinical internships by 6th November 2020.

II. FINAL YEAR STUDENTS: Study program General Medicine

Block internships (seminars and practical training) of state subjects will continue in full-time form according to the schedule valid for the winter semester 2020/2021 in compliance with all anti-epidemic measures according to the instructions to ensure the winter semester of the academic year 2020/2021 on the FM SMU website. The heads of pedagogical departments adjust and modify block internships so that they reduce it to the necessary minimum level, especially during contact teaching at the patient's bedside. If possible (technically, organizationally and in terms of content), the heads of pedagogical departments may decide to perform some parts of the block internships in a distance

form.

Examinations and Final State Examinations will take place in person, in compliance with all anti-epidemic instructions to ensure the course of the winter semester of the academic year 2020/2021 listed on the website of the Faculty of Medicine, SMU. If the examination is performed by a test, or for other relevant reasons, the head of the pedagogical department may decide on a distance examination.

Physically (full-time) block internships, exams and Final State exams can be attended only by teachers and students who can prove a confirmation of a negative result of the RT-PCR test performed from October 28th 2020 to October 30th 2020 or a certificate issued by the Ministry of Health. With a negative result of an antigen test certified in the territory of the European Union for the disease COVID-19 performed from 28th October 2020 to 30th October 2020 by the subject participating in the nationwide testing "Joint Responsibility" or persons who can be proved by a certificate of negative RT result -PCR test performed during the ban according to the above resolution!

The instructions will be continuously updated according to the current situation.

30.10.2020

Ass. prof. Martin Gajdoš, MD, PhD.
Dean of Faculty of Medicine
